- Optimisation of the client's real estate strategy
- Analysis and preparation of location data
- Creation of comparable metrics and decision making templates
- Early detection and monitoring of market developments
- Efficient management of national and international spaces
- Support clients in risk minimisation
- Accompany contract negotiations
- Project management
- Business development

- Acquisition of new clients and mandates
- Structuring of real estate sales including sale & leaseback agreements

You should have:

- Completed studies in real estate management, business administration or comparable qualifications
- Experience in real estate management or project management
- Strong analytical thinking and strategic working methods
- Team player and strong communication, presentation and collaboration skills
- German and English skills
- Ability to build strong and trusted relationships with business stakeholders, internal teams and partners
- Can work with matters of sensitivity with discretion and diplomacy
- Experience of working in a fast moving and dynamic environment
- Commercial / business awareness
- Excellent planning and organisational skills
- Ability to work to deadlines and prioritise effectively
- Excellent attention to detail
- Persuasive and decisive
- Proactive and self-motivated
- Self-evaluating to ensure performance standards
- Focus on delivering value and continuous improvement

What we offer you:

- Working for one of the world's leading real estate consulting companies
- Modern office environment
- Dynamic, open and motivated team
